FROM

THE SECRETARY TO THE HON'BLE THE RESIDENT IN MYSORE.

To

The Chief Secretary to the Government of Mysore,
Bangalore.

*Dated Bangalore, the* 17th August 1942.

Subject:- Security of aeronautical maps.

SIR,

I am directed to state that information has been received from the Government of India that recently a sheet of the Aeronautical Map - Carte Internationale No.N.G.43 - was found lying in the road near Gangarda (Merta District, Jodhpur State). The matter was brought to the notice of the Civil Aviation Directorate by the Officer-in-Charge, Jodhpur Air Training Centre (Service) Jodhpur. As aeronautical maps contain details, which in present circumstances are secret, the flying clubs in India have been advised to instruct their pilots that the utmost care must be taken to avoid loss of any maps placed in their charge and that should any map be lost or mislaid the loss must be reported immediately to the nearest police authorities with the request that the map may be traced. In order to make this arrangement effective the Provincial Governments have been requested to instruct their police authorities to institute enquiries whenever a pilot reports the loss of a map.

2. I am to request that if the Government of Mysore see no objection similar action may kindly be taken in the State.

I have the honour to be,
Sir,
Your obedient servant,

Secretary to the Resident in Mysore.
